THE INTERNATIONAL SCHOOL @ PARKCITY HANOI

OUR HISTORY

The International School @ ParkCity Hanoi is located in the exclusive residential area of ParkCity Hanoi (www.parkcityhanoi.com.vn). The school opened in September 2019 and has quickly become a well-established thriving international school that blends academic excellence with a rich co-curricular programme and a strong commitment to character education.

ISPH has a sister school in Kuala Lumpur, Malaysia. ISPKL opened in 2011

Our school has a very special energy that is drawn from its close community and through knowing and understanding each individual. The focussed attention that each student receives at ISPH enables them to achieve their very best and to flourish in all they do, both academically and personally

OUR COMMUNITY

At The International School @ ParkCity Hanoi, one of our greatest strengths is our vibrant sense of community — both within the school and in our wider connections beyond it. ISPH is more than a place of learning; it is a dynamic environment where students, teachers, parents, and visitors collaborate, celebrate, and grow together.

We actively draw on the expertise of our local and international partners, regularly welcoming guest speakers, professionals, and collaborators who enrich the learning experience. Parents are valued as key partners in education, contributing to the life of the school through events, workshops, and daily engagement.

We cherish the relationships that shape ISPH and believe that together we achieve more. Here, learning extends beyond the classroom — it is a shared journey built on trust, inclusion, and belonging.
